

**BUILDING KEY**

2. Tribal Office
3. Napakiak Corp. Warehouse
4. Napakiak Corp. Store
5. Post Office
6. Clinic
7. Napakiak Corp. Pumphouse
8. Unicom Utility Building
9. City Office/Washeteria
10. Pre-School Building
11. William Miller Memorial School
12. School Library
13. School Mechanical Building
14. Corporation Generator Building
15. Corporation Cable Building
16. National Guard Armory
17. IRA Building
18. CVRF Community Building
19. Jung's Trading Post
20. Municipal Office/Jail
21. Well Watering Building
22. City Fire Building
23. City Shop Storage Building
24. Airport Maintenance Building

**MAP NOTES**

This map was prepared by the Association of Village Council Presidents (AVCP) in cooperation with the Alaska Department of Commerce, Community, and Economic Development (Commerce) using funding from the Alaska Coastal Management Program and the Initiative for Accelerated Infrastructure Development (IAID). The IAID is supported by grants from the Denali Commission, USDA Rural Development, Alaska Department of Transportation and Public Facilities and Commerce. The Association of Village Council Presidents contracted with Global Positioning Services, Inc. in May of 2007 to prepare the map.

This map should not be construed as a survey. On-site surveys should be conducted prior to engineering or construction.

This map was compiled to meet horizontal and vertical accuracy in accordance with national map accuracy standards.

Property and utility information has been generated from readily available sources with limited accuracy checks. Property information is not intended to represent a title search of the Recorder's Office record. Utility location is approximate and shows only the main lines. Generally, the information is current as of December 2007.

ANTHC provided sanitation facility records.

This map is based on photography acquired on September 7, 2007, at a nominal scale of 1 in = 800 ft.

Aero-Metric Anchorage prepared the orthophoto and topographic mapping. The orthophoto is an aerial photo which has been corrected, by rectification to ground control stations, to remove distortions and warpage due to ground topography and aircraft tilt and trim.

**HORIZONTAL AND VERTICAL CONTROL**

The horizontal control monument for the digital orthophoto was an NGS OPUS solution for GPS INE TBM "Base 1". The horizontal datum NAD 1983 coordinates for this TBM are North 60° 43' 00.3268" and West 161° 55' 10.7688". The vertical control monument was TBM "Base 1". The Geoid 96 elevation for this station is 147.82 feet.

The City of Napakiak has been adjusted to this control using high-precision GPS methods and the adjusted coordinates and elevation for the Airport Monument "13 NAP AIR", were calculated to establish a local control reference. The NAD 1983 coordinates for this monument are North 60° 41' 41.1753" and West 161° 58' 37.3013" and the elevation is 6.38 feet.

This map projection is based upon NAD 83, ASP Zone 7 as expressed in US Survey Feet.

The contours were prepared at two (2) foot contour intervals with index contours every ten (10) feet.
